Our inner world, the life of our imagination with its intense feelings, fears, and loves, guides our intentions and actions in the world. Our inner world is the only true source of meaning and purpose we have. Art is the song of this inner life. Art's key role in the human drama is that of a "great convincer." The artist posits one myth, religion, or ideology over another, yet also always expresses the raw passion and evolutionary force of the inner world itself.
